

**SAMPLE PREAMBLE – Retain basic information and adapt to your own style.**

<p>Good evening. This is “call” net control station for The Champlain Mini-net for “day” “date” . This Net meets each evening at this time on repeater VE3STP, which is owned by the Champlain Regional Repeater Association and is operated for The purpose of providing reliable amateur Communications throughout the Ottawa Valley. VE3STP is an open repeater, whose priorities are Emergency, public service, mobile and rag-chew.</p>	<p>This is a controlled net. All traffic enquiries and other Business should be handled via the net controller. All Stations are welcome to check in. Again net controller is “call” the name is “name”.</p> <p>Call for emergency, traffic, mobiles, general.</p> <p>Log any traffic and handle after mobiles check in.</p>
